

MEMORANDUM FOR: Deputy Director for Science and Technology

SUBJECT : Agency Faculty Support for the Information Science Center (ISC)

1. The problems encountered by DIA in staffing the Information Science Center have been considered, and we have decided to support the work of the Center by making available to its staff the services of two professional personnel on a full-time, non-reimbursable basis. [redacted]

[redacted] of OPPB have been designated for this assignment. They will be covered under the respective position ceilings of their two components through Fiscal Year 1971. Beginning with Fiscal Year 1972, you should plan to include this activity within your Directorate's program and budget.

2. Please take the necessary steps to review and monitor the effectiveness of our contribution to the Center. In about a year I would appreciate a status report reflecting your views on the value of our contribution and your recommendations on the worthiness of our continuing support to the Center's staff.
